

# BAA Study Day: Abergavenny Priory

Saturday, 20<sup>th</sup> May 2017

The present church of St Mary in Abergavenny survives from a Benedictine Priory which was founded in the early 12<sup>th</sup> century as a cell to the abbey of St Vincent at Le Mans. It was spared destruction at the Reformation to become the parish church for its local community. It is home to a wealth of fascinating sculpture in wood and alabaster. Rightly famous are its numerous tomb sculptures and the well-preserved choir stalls, both of which will be the focus of the study day. The effigies begin chronologically with the important 14<sup>th</sup> century wooden image of John Hastings; however, the fame of the Priory's monuments are predominantly associated with the later alabasters of the Herbert family. The church also houses a fragment from what would have been a large Tree of Jesse.

We will also be visiting the Gunter Mansion, a grade 2\* listed town house very close to St Mary's, which was recently acquired by the Welsh Georgian Trust. It has a particularly fine 17th Century plaster ceiling and a recusant chapel with wall paintings, all in need of much restoration.

Provisional Programme:

10-10.30 Coffee in the Priory Centre

10.30-12pm – Dr George Nash (University of Bristol) – Understanding the Archaeology

12-1pm – Dr Charles Tracy (Church furniture specialist) – The Choir Stalls
