

Commemorating John McNeill

In memory of our inspirational and much-missed secretary, John McNeill, the BAA has decided to raise money in his honour. John was very committed to supporting the research of students and early-career scholars and the money raised will be used to continue that support in his name.

John served as secretary of the BAA for 24 years, and during his tenure, much of the Association's growth and transformation can be attributed to his initiatives and leadership. He established the biennial International Romanesque Conference, oversaw the introduction of Study Days, arranged special conferences, all while offering unwavering support to every other officer. He brought remarkable energy to the role of secretary but also quiet efficiency in managing the affairs of the Association. Yet, what we remember most fondly about John is his warmth, kindness, and sense of humour, which touched and inspired everyone who had the privilege of working with him.
